

Historical Review Questionnaire

Dear Friend of _____ Church,

Over the course of the coming weeks we are examining the history of our church in an attempt to bring healing to our congregation and the individuals who may have been wounded by us. We've engaged a ministry to guide us through this process, Blessing Point Ministries (www.blessingpoint.org). Part of their process includes a thorough review of the history of our church and to do that we would value your help.

We ask you to prayerfully respond to the following questions. Your forthright answers, even if we find them painful to hear, will help us as we seek to understand what the Lord has been saying to us. We truly do want Him to heal us corporately and restore His blessing on our ministry. We will use your honest feedback to help us discern His message. Your input will be used with the utmost tact and discretion and only for the purpose of healing the heart of our church, so please tell us what you truly feel. Thank you in advance.

1. Why did you first come to our church?
2. Why did you leave?
3. What years were you involved with our church?
4. What roles or offices did you hold?
5. What positive experiences do you recall about your time at our church?
6. What negative experiences do you recall about your time at our church?
7. What particular things blessed you while at our church?

8. Did any crisis(es) occur while you ministered here or did anything cause corporate pain?

9. What were the biggest challenge(s) the church faced while you were here?

10. Any additional perspective you think would be helpful for us to know?

Please return your responses by (date) to (address).
